

**CAMPTON AND BERGLAND IRRIGATION FIELDS
CONTROL BURN MAINTENANCE**

Wasco Sanitary District

ADDENDUM NO. 1

October 27, 2022

This addendum applies to Contract Documents and Project Specifications entitled: "CAMPTON AND BERGLAND IRRIGATION FIELDS CONTROL BURN MAINTENANCE CONTRACT DOCUMENTS" Dated September 21, 2022

This Addendum forms part of the Contract Documents and Plans and modifies the original bidding documents as noted below. Acknowledge receipt of this Addendum on the Bid Form. Bids shall include all items included in this Addendum. This Addendum shall be stapled to the original Contract Documents which shall be included as part of the "SEALED BID DOCUMENTS."

Contract Documents

The following revisions/clarifications shall be made part of the Contract Documents, and shall be considered in preparing the proposal:

1. Pre-bid Meeting agenda.
2. Contractor is responsible for paying prevailing wage only if the state statute requires prevailing wage for services being provided.
3. Page 16 of the specifications states that the work shall be completed by April 15 of each year. The contract is for one season and therefore the burn for the 2023 season shall be completed by April 15, 2023. Liquidated damages of \$500 per day may be assessed beyond April 15, 2023, or such date that has been extended by the Wasco Sanitary District due to conditions outside of the control of the Contractor. The fields to be burned are the Wasco Sanitary District land application sites. Use of the fields is essential to the treatment process. The maximum liquidated damages will not exceed \$5000 or the equivalent of 10 calendar days. The Wasco Sanitary District reserves the sole right to cancel the contract at that time or proceed with prescribed burn per the contract with no further liquidated damages.
4. The last paragraph of page 17 references \$1,000.00 per calendar day for liquidated damages. This should be \$500.00 to remain consistent with page 16.

Campton and Bergland Fields Control Burn Maintenance Contract 2023
